

# ***CONSTRUCTION OBSTRUCTION REPORT***

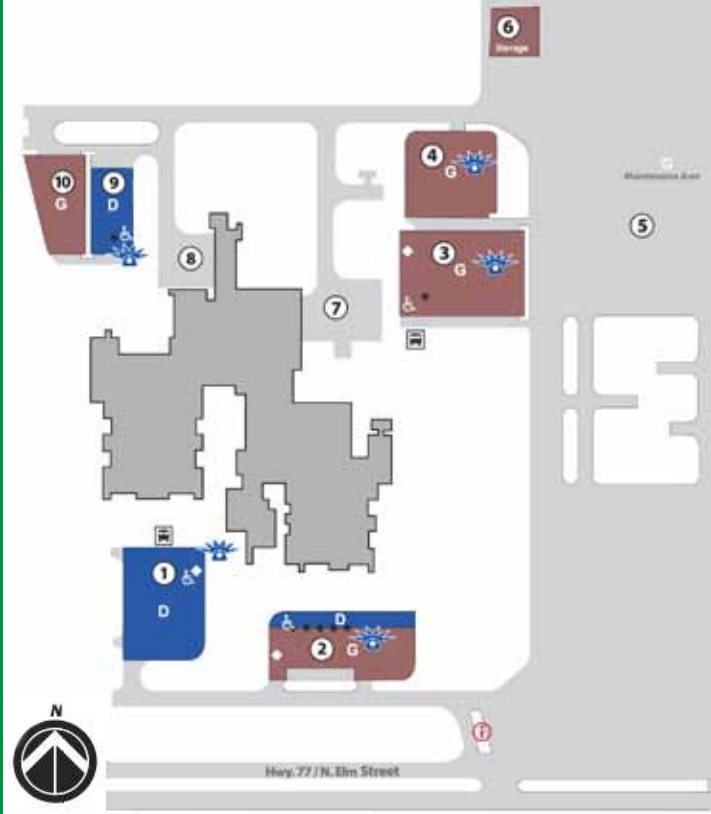

December 2011

**UNIVERSITY OF NORTH TEXAS, DENTON, TEXAS**  
FACILITIES MANAGEMENT & CONSTRUCTION

# UNT MAIN CAMPUS

# UNT DISCOVERY PARK

# UNT EAGLE POINT

## **CAMPUS LIGHTING**

Location: Terrill Hall, Hickory Hall, GAB, Science Research Building

Project Lead: Helen Bailey

Duration: End of July through December 2011

Description: Area will be blocked during the boring process and installation of lights. Various parking spaces may be blocked.

## **CHILLED WATER LOOP - PIT 'L-1'**

Location: Northeast side of PEB

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP**

Location: East side of EESAT

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through January 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP**

Location: Parking Lot 7

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through January 2011

Description: Area will be closed and fenced off will crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'K'** Phase 2

Location: East side of Chestnut

Project Lead: Vince Stippec & Rick McCormick

Duration: October- December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'F'** Phase 2

Location: East of GAB

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'H'** Phase 2

Location: North of GAB

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off will crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'V-2'**

Location: Southwest side of the Coliseum

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'V-4'**

Location: South of the Coliseum

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'V-1'**

Location: South of the Coliseum

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off will crews work on underground chilled water lines.

## CHILLED WATER LOOP

Location: South side of EESAT Building

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## CHILLED WATER LOOP

Location: South of Hickory Hall

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off will crews work on underground chilled water lines.

## CHILLED WATER LOOP - PIT 'V'

Location: Southeast side of the Coliseum

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **AVENUE D STAGING AREA**

**Phase 1-5**

Location: Sidewalk East of Avenue D, near Gateway Center  
Project Lead: Vince Stippec & Rick McCormick  
Duration: Through all Phases; 2/16/2013  
Description: Being used as an office/staging area for the UNT SMART Project.

NOTE: \*See SMART project web site at <http://smartenergy.unt.edu/> for more information.

## **CHILLED WATER LOOP - PIT 'T'**

**Phase 2**

Location: Northwest of Wooten  
Project Lead: Vince Stippec & Rick McCormick  
Duration: Closed through December 2011  
Description: Area will be closed and blocked off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'L'**

**Phase 1**

Location: West of Chilton  
Project Lead: Vince Stippec & Rick McCormick  
Duration: Closed through December 2011  
Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'G'** Phase 1

Location: South of Auditorium

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'B'** Phase 2

Location: West side of Sage Hall

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off while crews work on underground chilled water lines.

## **POWER PLANT MODIFICATIONS** Phase 2

Location: Power Plant cooling towers

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be fenced off while crews work on piping and electrical for new cooling tower.

## **CHILLED WATER LOOP - PIT 'A'** Phase 2

**Location:** Between the Power Plant and Physics Building.

**Project Lead:** Vince Stippec & Rick McCormick

**Duration:** February 2011 - December 2011

**Description:** Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'P'** Phase 4+5

**Location:** West of Bain Hall

**Project Lead:** Vince Stippec & Rick McCormick

**Duration:** October- December 2011

**Description:** Area will be closed and fenced off while crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'J'** Phase 2

**Location:** Southwest of EESAT

**Project Lead:** Vince Stippec & Rick McCormick

**Duration:** August 1st- December 2011

**Description:** Area will be closed and fenced off will crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'J'** Phase 2

Location: Southwest side of Science Research Building

Project Lead: Vince Stippec & Rick McCormick

Duration: August 1st- December 2011

Description: Area will be closed and fenced off will crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'J-2'** Phase 2

Location: Southwest of Chemistry

Project Lead: Vince Stippec & Rick McCormick

Duration: August 1st- December 2011

Description: Area will be closed and fenced off will crews work on underground chilled water lines.

## **CHILLED WATER LOOP - PIT 'J-1'** Phase 2

Location: West side of EESAT

Project Lead: Vince Stippec & Rick McCormick

Duration: Closed through December 2011

Description: Area will be closed and fenced off will crews work on underground chilled water lines.
